RE: Civil Unrest - Essential Personnel Access Request

To Whom It May Concern:

The appropriately credentialed bearer of this communication is an essential employee, contractor, or vendor designated by **CVS Health or one of its affiliates**, as an individual responsible for a range of vital services essential to the Department of Homeland Security's Healthcare and Public Health Critical Infrastructure Sector and must travel to support the services of CVS Health or one of its affiliates.

We are respectfully asking that law enforcement officers, emergency management officials, National Guard personnel, and other officials charged with oversight and access control of areas affected by restrictions as part of an overall strategy to ensure the safety of local residents, grant the following:

- Individuals in possession of this Essential Personnel Access Request, and proper identification, and as safe conditions allow, approval to cross police lines, road blocks, and control points in direct support of public health and safety, access to care, community support, interstate commerce and sustained critical supply chains.

For verification or inquiries regarding this request, please contact CVS Health 24/7 Command Center at 401-772-7540.

This letter expires June 10, 2020

Respectfully,

Brian Olsen

Brian K. Olsen, Director
Enterprise Response and Resiliency
